# Warranty

Renewable Devices Ltd (the Company) provides the following warranty to the purchaser of the goods (henceforth referred to as the customer) for the Swift Rooftop Wind Energy System™ (SRWES). The purchaser of the goods is determined to be the organisation to whom the Company sold the goods (the Customer), and not the end user of the goods.

1. Two-year return-to-base warranty against failure due to manufacturing defects on all equipment supplied by the Company, fair wear and tear excluded.

2. If during this period, the Company is notified of any fault in any product, due to either faulty design or a defect in manufacturing or materials, the Company will at it's discretion replace or repair the product, depending upon the nature of the fault. The Company may also, at its own discretion as an alternative, refund the purchase price of the faulty product.

3. Warranty covers the cost of parts and delivery to customers address only.

4. Defective parts must be returned to the Company to complete any warranty claim.

5. Warranty does not cover any costs incurred in replacement of defective parts related to, but not restricted by; installation costs, access costs, labour costs, third party costs, loss of revenue, claims by third parties, incorrectly installed turbines (as described in the latest revision of the relevant Technical and Planning Information Pack at the date of installation), return of parts for warranty claim, duties and import fees or costs, general administrative costs.

6. Warranty only covers products installed by installers certified by the Company to have completed the Company's approved installation training, and products that have been installed in complete compliance with the Company's installation procedure as described in the latest revision of the relevant installation manual at the date of installation and according to the latest revision of the relevant Technical and Planning Information Pack at the date of installation.
